

Maré Groenewald joined The Olive Specialists in March 2012 and ever since she has been involved in the Olive industry assisting producers to the best of her ability.

August 2017 she attended her first Olive Oil course and was immediately “bitten by the Olive Oil bug”. She decided to join the CTC Tasting Panel to improve her tasting skills and broaden her horizon. Since 2017 she completed many other tasting courses and was privileged to be exposed to IOC tasting. Tasting Olive oil has ever since become part of her daily life and not just an interest.

She is looking forward to taste the best EVOO South Africa has to offer.
