

Dear Members,

Is your business utilising Dutch services, inputs, products, or other resources? This encompasses a broad spectrum, ranging from equipment and technology to agricultural or agro-processing inputs, software systems, and engineering services.

To further explore opportunities, Wesgro extends a warm invitation to Western Cape Agribusiness and Agricultural companies to participate in a dialogue session with Invest International. This session offers a valuable platform to discuss potential collaborations with international partners. Details are provided below.

Invest International's mission is to provide impact investments or financing for businesses that incorporate Dutch elements into their operations. These transactions will strongly align with Sustainable Development Goal 8 (economic development) and Sustainable Development Goal 13 (Climate Change).

Invest International Offerings:

- Various financial instruments tailored for Dutch-linked companies.
- Development capital for feasibility studies and pilots featuring significant Dutch content (ranging from EUR 200,000 to EUR 1 million, covering up to 50% of funding requirements).
- Facilitate the export and import of Dutch equipment to South Africa through financing arrangements.
- Operational and capital expenditure support for startups registered in the Netherlands.

Engagement Requirements for Companies:

- Western Cape Agribusinesses with a proven track record and experience, demonstrating a clear path to scalability and profitability.
- Companies showing positive cash flow and progress towards achieving corporate-scale revenues (smaller businesses with strong momentum may also qualify).
- Agri organisations in the Western Cape that have secured significant equity investments and are ready for market entry.

- A minimum of 25% Dutch content in terms of utilised or planned services, inputs, or systems.

Details of the event are as follows:
